

Ned Stark

San Francisco, CA 94158 • ned.stark@ucsf.sample.edu • (123) 456-7890

EDUCATION

University of California, San Francisco, Department of Pharmaceutical Chemistry (GPA: 3.92 / 4.0)

Doctorate of Philosophy Chemistry and Chemical Biology (expected December 2025)

University of Arizona, College of Chemical and Life Sciences (GPA: 3.54 / 4.0)

Dual Bachelor of Science Degrees obtained: Degrees in Biochemistry w/ Honors and Neurobiology and Physiology

- Entrepreneurship Program (2 years, 25% acceptance rate)
- **Awards:** Student Scholarship (4 years), Life Sciences Scholarship (4 years), Undergraduate Researcher Award (1 given/year)

Standardized Exams: **MCAT:** 515 (91st percentile) **GRE:** 319 (cumulative) **SAT:** 1500 (cumulative)

WORK EXPERIENCE

Medical Laboratory, LLC (Business Development Lead and Strategist) **Fall 2024 – Present**
Lead in business strategy; Team lead in licensing and industry partnership meetings

Summer Research Inc., LLC (Summer Research Internship) **Summer 2024**
Studied the factors that affect protein therapeutics' stability over time, culminating in a presentation to the formulations department (100+ full-time employees)

Social Online, LLC (Co-founder and CEO) **2024 – 2025**
Developed a web-based platform for non-profit and religious organizations to create and host social networks for internal and external use; Recruited 3 engineering students to start the company

Consulting Inc. (Consulting Internship) **Spring 2024**
Led a team to create and present an assessment of industry technology in chemical, biological, radiological, nuclear, and high-yield explosive detection systems and Toxic Industrial Chemical and Material (TIC/TIM) threats

RESEARCH EXPERIENCE

Snow Lab (UCSF) **2019 – Present**
Combined knowledge of chemistry and cell biology to create a novel method to design and synthesize multi-component tissues at a resolution unprecedented by current technology; Thesis work done in a team (manuscript in press)

Stark, Snow, Drogo Labs (UCSF, 12-week rotations) **2018 – 2019**
Completed research rotations in 3 distinct labs specializing in biophysics/biochemistry, synthetic chemistry, and microbiology/analytical chemistry to gain a diverse perspective towards basic biological research

RECENT ACCOMPLISHMENTS

- **1st place:** Startup Competition – 1st place out of 25 semi-finalist teams (**2024**)
- **Finalist and Initiate:** The Throne – an exclusive startup incubator at University (**2024**)
- **Semi-Finalist:** Regional Business Plan Competition (38 teams out of 200+ applicants; **2024**)
- **Select Business Coursework:** Catapult for life sciences – medical devices track; Award Internship (8 out of 40+ applicants chosen) – the University internal award for professors to commercialize basic research
- **Founder and President:** University Startup Club (9-13 student members, **2023-2025**)

SELECT PUBLICATIONS

Selections from 5 publications and 2 pending patents

Snow J., **Stark N. First Co-Authorship**, et al. Tissue prototyping by DNA-programmed assembly. *Under Review – Journal of DNA*, **2024**

Targaryen, D., Lannister, T., **Stark, N.**, et al. A strategy for kingdom organization. *Under Review – Journal of Thrones*, **2024**

Provisional Patent: Publication Number X012345678 A1; **Title:** Methods of overtaking thrones, **2024**

SKILLS AND INTERESTS

- Extensive experience with Microsoft **PowerPoint, Word, Excel** and Adobe **Photoshop, Illustrator**
- Avid reader of books in economics, behavioral economics, marketing, and business strategy.
